Downstairs, the fully finished basement is designed for versatility. A spacious family room with a cozy

wood-burning stove is perfect for gathering, while two oversized bedrooms with large above-grade windows ensure ample natural light. The basement kitchenette is well-equipped with plenty of cabinets, counter space, a stove, fridge, dishwasher, and a large pantry. Additional highlights include a four-piece bathroom, cold storage, and water line access for a future laundry hookup. A newly installed drop-down ceiling with added insulation enhances soundproofing between floors. The septic system, including pumps and all components, was fully replaced in fall 2023, and the property is connected to city water. Outdoor living is just as impressive, with a fenced yard featuring lilac bushes, raspberry bushes, a hybush tree, and Saskatoon berry bushes. Relax and entertain on the wraparound deck along the south and east sides. The property also includes two gated backyard access points, RV parking, an extended driveway, and ample parking.
